

HARDWARE: ADJUSTABLE OFFSET PLUMBIZERS

Overview

The Adjustable Offset Plumbizer mounts onto a 2 3/8" diameter mast arm tenon. It is adjustable for precise orientation (2 piece assembly—18° of adjustment).

The Plumbizer has no loose parts, therefore requiring no assembly. The device is installed between signal heads to minimize stress, while allowing easy access to adjustment bolts for secure installation

The octagonal universal nut (with set screw option for locking) reduces over torque of nut on the heads (T Type).The Plumbizer has radial serrations to ensure proper and secure locking between heads and plumbizer mounts.

Features

- Adjustable for precise orientation
- Minimizes stress
- Simplified installation
- Stainless steel hardware
- Weight: 3.6 lbs (1.65 kg)
- Single point mount
- Added visibility

Specifications

- Material: Primary grade aluminum alloy
- Finish: Cast aluminum, unpainted can be painted as per request

Ordering Information

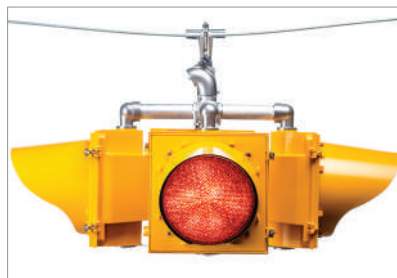

Part #	Description
PLU555	T-type Nipple
